City of Clatskanie 2019 - 2020 Annual Budget

Preface

The budget document serves two distinct purposes. One purpose is to present the City Council and the public with a clear picture of the services that the City provides, and of the policy alternatives that are available. The other purpose is to provide City management with a financial and operating plan that conforms to the City's accounting system.

The **Introduction** section provides an overview of City Government, and Volunteer Committees. Meeting times and board members are listed.

The **Budget Message** section provides an overview of the key policy issues and programs in the budget, and presents major areas of emphasis for the City in 2019-20.

The **Financial Schedules and Summaries** section provides the heart of the document as an operating and financial plan.

The **Personnel** section contains information about City personnel costs as well as staffing by fund and department.

The **General Fund** section provides detail revenue and expenditure information for Administration, Non-departmental, Court, and Law Enforcement.

The **Special Revenue Funds** section provides detail revenue and expenditure information for Street, TIIF, Enterprise Zone, Scout Lake, and Infrastructure Maintenance and Improvement Fund.

The **Enterprise Funds** section contains detail revenue and expenditure information for Sewer, Water, Sewer System Development Charges (SDC) and Water SDC funds.

The **Community Profile** provides a brief overview of the history, location, demographics and economic condition of the City in order to provide some insight to help individuals put Clatskanie's budget into perspective.

The **Budget Legislation** section contains budget and state revenue resolutions passed by the Council as well as budget notices.

The **Glossary** section contains a definition of Terms.

Governmental Funds

General Fund: The General Fund is the City's general operating fund, and it accounts for the administrative, community development, police protection and functions of the City. Principal sources of cash consist of property taxes, license and permit fees, franchise fees, intergovernmental revenue, and investment income.

Administration is funded from franchise fees, land use fees, licenses, permits, intergovernmental revenues and other fees. Major expenses are for contract services, utilities, assessments, and salary related expenses.

Court is funded partially from fines and forfeitures. Major expenses are for prosecution contract services.

Police protection costs are funded from property tax revenues, franchise fees and other miscellaneous revenues. Major expenses are for our contract with the Columbia County Sheriff's Office.

Special Revenue Funds: These funds account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

Street accounts for the City's share of the State of Oregon's special gas tax revenues. This revenue is restricted to street related maintenance and repairs. Other funding is from special assessments, street/storm utility fees and transfers from the Timber Infrastructure and Improvement Fund. Major expenses are street overlay and salary related expenses.

Timber Infrastructure and Improvement was established to reserve funds for major capital improvements for the city's water, sewer, and street (including storm drainage and sidewalk) systems. \$125,000 or ninety percent of fund interest earnings on June 30 of the prior fiscal year, whichever is greater, may be expended for capital projects.

Scout Lake was established to reserve funds for projects oriented to recreation with the primary focus on the youth. Eighty percent the interest is used to cover the operations and to disburse funding for recreation projects.

Enterprise Zone was established to manage the utilization of the Zone Exemption payment received from Georgia-Pacific in accordance with the Lower Columbia Maritime Enterprise Zone restrictions.

Infrastructure Maintenance and Improvement Fund was established to manage capital improvements and major maintenance and improvement projects to the water and sewer infrastructure. Funding is from a utility surcharge. Major expenses are capital improvements and major maintenance and improvement projects expenses.

Proprietary Funds

Enterprise Funds: These funds account for the operations of the City that are financed and operated with the intent that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Water Fund accounts for all activities related to operating the water system of the City. Revenue is derived from charges for services to water users and investment earnings.

Sewer Fund accounts for all activities related to operating the sewer system of the City. Revenue is derived from charges for service to sewer users and investment earnings

Sewer SDC Fund is funded from system development fees. Revenue is derived from fees charged for new connections to the sewer system. Expenditures are to be related to the costs associated to establishing new connections.

Water SDC Fund is funded from system development fees. Revenue is derived from fees charged for new connections to the water system. Expenditures are to be related to the costs associated to establishing new connections.

The Planning Commission consists of five members that serve a four-year term and are appointed by the Council. The Commission is responsible for approving subdivisions, variances, conditional use permits, and regulates other land use matters. The commission is also responsible for providing recommendations to the council on development code ordinances and amendments, annexations and comprehensive planning policies.

Budget Committee

Meets in late March or early April in the Council Chambers.

<i>Bob Brajcich</i>	<i>Diane Pohl</i>
<i>Toby Harris</i>	<i>Rich Larsen</i>
<i>Bruce Jolma</i>	<i>Bonnie Davis</i>
<i>Gary Jones</i>	<i>Mort Frazier</i>
<i>Jim Helmen</i>	<i>Karen Sampair</i>
<i>Willard Evenson</i>	<i>Diane McKinney</i>
<i>Jean Sampson</i>	<i>Sandy Niemela</i>

The Budget Committee consists of the members of the Council and an equal number of citizens that are each appointed by the Council to serve a three-year term.

The budget process usually begins in February, when Department heads submit their budget requests to the City Manager. The Finance Manager then prepares the base budget, which provides for the minimum level to maintain services. In March, the City Manager works with staff to devise a proposed budget. When the City Manager is ready to present the budget and the budget message a "Notice of Budget Meeting" is published in the paper. The Budget Committee is then assembled to review the proposed budget. When the committee is satisfied with the proposed budget, it is approved and forwarded to the City Council for final adoption.

BUDGET MESSAGE

CITY OF CLATSKANIE

Honorable Mayor, Councilors and Budget Committee:

Before you is the proposed budget for FY 2019-20. As we do every year, our number one priority is to serve the citizens of Clatskanie with safe and effective water and sewer services along with regular street maintenance and a commitment to public safety. We continue to benefit from the prosperous economy by seeing more housing starts, increased revenue from property taxes and further rebounding of interest rates. As we present this budget, the General Fund continues to be in good shape. The Enterprise funds have stabilized and are in good shape following last year's rate increase. As a result, we are not seeking a rate increase this year.

The overall budget of \$8,741,455 which is a \$402,412 increases from last year. The primary reason for the increase comes on the revenue side. We have greater beginning fund balances for this year and we are benefiting from the increase in interest rates and property tax revenue.

The budget for the General fund is \$1,312,559 which is \$168,119 more than last year. We are maintaining a stable cost for law enforcement with our Sheriff's Office contract and we are seeing reduced court costs on prosecutions. As a result of the savings and stability of the General fund, we have shifted more personnel costs over to General Fund to continue the reduction on the salary coding to the TIIF. We are also seeing a reduction in Staff expenses with the retirement of our Senior General Clerk and the less-costly General Clerks we have now. We are however going to have a one-time increase in personnel costs across the General and Enterprise zone funds as we recruit and hire a new Public Works Director. We have budgeted a six month overlap to allow the new Director to benefit from the retiring Director. One program we will continue to fund is the part-time Code Compliance Officer. We started this program last summer and it has been a tremendous success. We are continuing to fund the Sheriff's office contract with 2.5 FTE deputies and we have been looking for opportunities to partner with other entities to fund the other .5 FTE to make three FTE's. On the revenue side, the rebounding interest rates have had a very positive effect on our budget. Just two years ago, our interest rate on the State Pool funds was 1.5%, or one and one half percent. Today, the interest on the fund is 2.75%. When we have over \$6 million in the bank, we make some good money with the current interest rate. As mentioned earlier, we have seen increased property tax revenue due to increased assessments and additional housing that has been built. On another other good news front, our contingency in General Fund has increased from \$54,612 to \$177,396. Five years ago, it was less than \$5000.

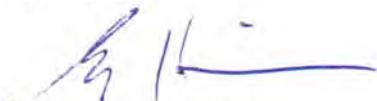

The Enterprise funds are in good fiscal health. We are in very good shape due to the rate increase we did last year. We did some shifting of personnel costs to shore up the Sewer fund. We are going to have a flat expense side of these budgets which will improve their already pretty good fiscal health. We see the results in the improved contingency line items which combined, are \$35,759 better than last year.

Our Capital Improvement Program (CIP) budget will follow the same format of the past few years which is \$205,000 budget allotment from the TIIIF (\$125,000) and IMIF (\$80,000). We are proposing 6 infrastructure projects. The first project, phase 6 of the Tichenor Street sewer line replacement is the final phase of the actual line replacement. This has been a multi-year project. Once this phase is complete, we will then do a repair and overlay of Tichenor next year. The CIP request includes radar signs for the area on Nehalem St. near the Clatskanie Elementary school. We are going to do a repair and pavement overlay on Howard Dr. and a sidewalk replacement on 5th St. For our water system, we are going to work on an adjustment to the pressure zone around 5th St. and Beaver Falls Rd. plus some capital purchases for the Water Treatment Plant and Wastewater treatment plant.

The remainder of the budget is made up of our usual operations.

The city staff looks forward to working with the Budget Committee to finalize the development of this document.

Sincerely,

Greg Hinkelmann

City Manager

BUDGET PROCESS

**City of Clatskanie
2019 - 2020 Annual Budget**

Budget Process Overview

Budget Preparation

The municipal budget process is a challenging opportunity to allocate resources to meet community needs. It is through this annual effort that the budget becomes the single most important policy document produced by the City.

Preparation of the budget begins in mid-February, with projection of City reserves and revenues. At that time, Departments are asked to estimate expenditures for the remainder of the current year, and then submit a request for the coming year. The City Manager then meets with staff and others to review, revise and propose a balanced budget for the upcoming fiscal year.

Budget Adoption

The Budget Committee, composed of the City Council and an equal number of laymembers, meets publicly to review the budget document as proposed by the City Manager. Public hearings are conducted to obtain public comment, and the Budget Committee reviews the proposed budget and either revises the proposed figures or approves them as presented.

The budget, as approved by the Budget Committee, is then published in the local newspaper in summary form, and the full document is made available for public inspection at City Hall. Prior to June 30, an advertised public hearing is held before the City Council to consider the proposed budget as approved by the Budget Committee. The City Council then discusses any remaining budgetary issues and formally adopts the budget by passage of a resolution.

Budget Changes After Adoption

After July 1, when local government is operating within the adopted budget for the current fiscal year, changes in appropriated expenditures are sometimes necessary. Appropriations may have to be decreased or increased.

By transferring appropriations, a governing body usually has enough flexibility to carry out the programs prescribed in an adopted budget. There will be times, however, when the adopted budget gives no authority to make certain expenditures or when revenues are received for which the governing body had not anticipated. In these cases it is possible to use a Supplemental Budget to authorize expenditures or spend additional revenues in a current fiscal year. (There are a few special revenues that may be spent without a supplemental budget.) A Supplemental Budget may not be used to levy taxes. Examples of changes that would require the supplemental budget process are as follows: the reappropriation of monies from one fund to another; the appropriation of unanticipated grant funds that are not for a specific purpose; and the appropriation of proceeds from the sale of property, which necessitates the immediate purchase, construction, or acquisition of different facilities.

The City Council may adopt a Supplemental Budget at a regular public meeting if the expenditures are less than 10 percent of the Fund being adjusted. If the expenditures are more than 10% of the Fund, then the City Council must publish the proposed action and hold a public hearing.

Annual Audit

Oregon Local Budget Law requires cities to have financial records audited annually by a certified independent government auditor. The last audit of the City of Clatskanie was performed by the firm of Merina & Company for the fiscal year ending June 30, 2018. The Budget Document and financial statements of the City are prepared in accordance with generally accepted government accounting principles.

COMMUNITY PROFILE

**City of Clatskanie
2019 - 2020 Fiscal Budget
Community Profile**

Clatskanie was named after the Tlatskanai tribe of American Indians, who lived in the hills south of the Clatskanie River, in the upper Nehalem Valley. The Tlatskanai tribe originally lived in the flatlands bordering the Chehalis River in Washington. As game became scarce and their food supply diminished, they crossed the Columbia River to occupy the hills above the Clatskanie River, driving away the Chinook Indians, a large tribe living along the Columbia River and along the Oregon Coast. After driving away the more peaceful Chinook Indians, the Tlatskanie established themselves within the Clatskanie-Westport area, and extended their numbers into the head of the Nehalem Valley.

The word Tlatskanie was used by these Indians to denote the route they took to get to a meeting place, applying it to particular streams. One source lists 'Tlatskania' as meaning 'swift running water'. Pioneers applied this "name" to the beautiful Clatskanie River. In 1891 Clatskanie became incorporated as a City.

Clatskanie is located in a timber-covered valley, in the center of the Lower Columbia region of Oregon. U.S. Highway 30 and Oregon Highway 47 pass through the City. Clatskanie is located 35 miles east of Astoria and 60 miles northwest of Portland. The elevation is 15 feet above sea level. Temperatures vary from 34 to 48 degrees in the winter, with occasional freezing weather and snowfall. Summer temperatures average 50 to 74 degrees, with occasional humid days reaching 95 degrees. The annual precipitation is 46.56 inches.

Clatskanie continues to experience slow residential and commercial growth. With the development at Port Westward, Clatskanie is hoping to attract new businesses and residents to give more opportunities for employment and growth.

The City Manager meets regularly with the Planning Commission, Chamber of Commerce, and the Recreational Advisory Committee, to discuss ideas for development and to enhance our quality of life.

Clatskanie has grocery stores, a pharmacy, banks, public library, post office, laundromat, hardware stores, several restaurants, gas stations, dental offices, medical clinic, a senior citizen center, hotels, assisted living facilities, and a variety of other business including The Chief, the local newspaper which has served the Lower Columbia region since 1891. The city provides services such as building, water, street, sewer, municipal court and planning to the community and administers a contract with the Columbia County Sheriff's Office for police services. Fire, ambulance, library, cemetery and park and recreation services are provided by special districts.

Two newspapers - The Chief and the Longview Daily News, serve Clatskanie.

CITY OF CLATSANIE

RESOLUTION 2019-05

A RESOLUTION AUTHORIZING FUNDS TO BE USED IN THE FINANCIAL MANAGEMENT OF THE CITY
BEGINNING JULY 1, 2019

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CLATSANIE, OREGON that the following funds be authorized and established and used to record the financial affairs of the City of Clatsanie, Oregon, in accordance with applicable laws and administrative rules of the State of Oregon.

Governmental General Fund:

General Fund: This is the general purpose operating fund of the City. It accounts for Administration, Planning, Building, Law Enforcement, and the Municipal Court Prosecution functions of the City in addition to funding for other general-purpose needs. Principal revenue sources consist of franchise fees and property tax revenues.

Special Revenue Funds:

These funds account for the proceeds of specific revenue sources that are restricted to expenditure for specified purposes.

The Timber Infrastructure Improvement Fund is established to finance the maintenance and management of the watershed and the expansion and construction of infrastructure systems. Revenue is derived from timber harvesting and interest.

The Scout Lake Fund is established to account for the maintenance and management of Scout Lake and to provide youth and recreational grants and facilities. Revenue is derived from timber harvesting and interest.

The Street Fund is established to account for the maintenance of the City's street system including storm drainage and sidewalks. Revenues consist of Oregon gas taxes and street/storm drain utility fees.

The Enterprise Zone Fund is established to manage the utilization of the Zone Exemption payment received from Georgia-Pacific according to the Lower Columbia Maritime Enterprise Zone restrictions.

Enterprise Funds:

These funds account for operations of specific City services, which are financed with the intent that costs be recovered primarily from user charges.

The Sewer System Development Fund is established to account for Sewer System Development Charges, which are restricted to the expansion and construction of the Wastewater Treatment Plant and collection system.

The Water System Development Fund is established to account for Water System Development Charges, which are restricted to the expansion and construction of the Water Treatment Plan and distribution system.

The Sewer Fund is established to account for all activities related to operating the wastewater treatment and collection system of the City. Revenue is derived from sewer utility fees.

The Water Fund is established to account for all activities related to operating the water treatment and distribution system of the City. Revenue is derived from water utility fees.

The Infrastructure, Maintenance, and Improvement Fund is established to account for the maintenance and improvement of the city's water and sewer systems. Revenue consists of a monthly surcharge dedicated to the infrastructure maintenance and improvement fund.

Approved by the Council and certified by the Mayor this 5th day of June 2019.

Accounts Payable: A short-term liability account reflecting amounts owed to private persons or organizations for goods and services received by a government.

Accounts Receivable: An asset account reflecting amounts due from private persons or organizations for goods and services furnished by a government (but not including amounts due from other funds or other governments).

Ad Valorem Tax: A tax based on the assessed value of taxable property.

Adoption: Formal action by the City Council, which sets the spending limits for the fiscal year.

Appropriation: The legal authorization granted by the City Council to make expenditures and incur obligations.

Approved Budget: The financial plan agreed upon by the Budget Committee.

Assets: Property owned by a government, which has monetary value.

Assessed Valuation: The value set by the County Assessor on real and personal taxable property as a basis for levying taxes.

Base Budget: Ongoing expense for personnel, contractual services, insurance and the replacement of supplies and equipment required to maintain service levels.

Beginning Fund Balance: The amount of unexpended funds carried forward from one fiscal year to another.

Budget: A financial operating plan with estimated expenditures and expected revenues for a given period.

Budget Calendar: The schedule of dates, which the City follows in the preparation and adoption of the budget.

Budget Message: The opening section of the budget which provides the City Council and the public with a general summary of the most important aspects of the budget, changes from the current and previous fiscal years, and recommendations regarding the financial policy for the coming period.

Capital Outlays: Expenditure, which result in the acquisition of, or addition to, fixed assets. Examples include land, buildings, machinery and equipment and construction projects.

Contingency: An appropriation of funds to cover unforeseen events, which occur during the budget year. City Council must approve all contingency expenditures.

COLA: Cost of Living Allowance.

Capital Improvement Program: A plan for capital expenditures to provide long-lasting physical improvements to be incurred over a fixed period of several future years.

Debt Limit: The maximum amount of gross or net debt, which is legally permitted.

Debit Service: Payment of principal and interest on borrowed funds.

Debt Service Fund: The fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Deficit: (1) The excess of an entity's liabilities over its assets. (2) The excess of expenditures or expenses over revenues during a single accounting period.

Depreciation: (1) Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, or inadequacy or obsolescence. (2) That portion of the cost of a capital asset, which is charged as an expense during a particular period.

Due From Other Funds: An asset account used to indicate amounts owed to a particular fund by another fund for goods or services rendered. This account includes only short-term obligations on open account, not interfund loans.

Encumbrances: Obligations in the form of purchase orders, contracts or salary commitments, which are chargeable to an appropriation and for which a part of the appropriation is reserved.

Enterprise Fund: A fund established to finance and account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. An enterprise fund is also used when the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Expenditures: Decreases in net financial resources, including current operating expenses, debt service and capital outlays.

Fiscal Year: The time period designated by the City signifying the beginning and ending period for recording financial transactions. The fiscal year begins July 1 and ends June 30.

FTE: Full-time equivalent employee.

Fund: A division in the budget with independent fiscal and accounting requirements.

Fund Balance: The excess of an entity's assets over its liabilities. A negative fund balance is sometimes called a deficit.

General Fund: The general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

General Obligation Bonds: Bonds for whose payment the full faith and credit of the issuing body are pledged. More commonly but not necessarily, general obligation bonds are considered to be those payable from taxes and other general revenues.

Grant: A contribution by one governmental unit to another unit (usually cash). Typically, these contributions are made to local governments from the State and Federal governments. Grants are usually made for specified purposes.

Intrafund Transfer: Amounts transferred within a fund, shown as an expenditure in the originating line item and a revenue in the receiving line item.

Interfund Transfer: Amounts transferred from one fund to another, shown as an expenditure in the originating fund and a revenue in the receiving fund.

Intergovernmental: (1) Intergovernmental purchases of those specialized services typically performed by another governmental agency. (2) Costs or expenses paid from one government to another government for services.

Line Item: A specific item or group of similar items defined by detail in a unique account in the financial records.

Local Option Levy: A short-term levy (up to five years for operating purposes and up to ten years for capital improvements) outside of the permanent tax rate limit that must be approved by the voters in a manner consistent with measure 50 requirements.

Long-Term Debt: Debt with a maturity of more than one year after date of insurance.

Investment: Securities and real estate purchased and held for the production of income in the form of interest, dividends, rentals and base payments.

Leasing: A financial technique whereby ownership of the project or equipment remains with the financing entity, and where title may or may not transfer to the City at the end of the lease.

Liability: Debt or other legal obligations arising out of transactions in the past, which must be liquidated, renewed or refunded at some future date.

Measure 5: A ballot measure approved by Oregon voters on November 6, 1990. The measure placed a declining rate limit on taxes for schools and a rate limit of \$10.00 per \$1,000 assessed valuation on the consolidated taxes of all other governments.

Measure 50: A ballot measure approved by Oregon voters at the special election held on May 20, 1997 and contained in Article XI, Section 11 of the Oregon Constitution. Measure 50 repeals a previously approved property tax reduction

measure known as Measure 47 and replaces it with a new ad valorem property tax limitation. In short, Measure 50 cuts district levies, rolls back assessed values, and limits future taxable value increases, establishes permanent tax rate limits, allows for local option levies, and retains Measure 5 limits.

Modified Accrual Basis of Accounting: Under the modified accrual basis of accounting revenues are recognized in the accounting period in which they become available and measurable, and expenditures are recognized in the accounting period in which the fund liability is incurred, except for unmatured interest on general long-term debt, which is recognized when due.

Performance Indicators: Statistical measures, which are collected to show impact of dollars, spent on city services.

Operating Funds: Resources derived from recurring revenue sources used to finance ongoing operating expenditures and pay-as-you-go capital projects.

Operating Transfer: Routine and/or recurring transfers of assets between funds.

Permanent Tax Rate Limit: The tax rate limit established as a result of Measure 50, which can only be increased with the approval of short-term local option levies.
